FLOWERS

**If you are entering two exhibits in the same class make sure to add A and B to your number stickers so that the prize, if you are successful, can be awarded to the correct entry. Please ensure that your number is clearly visible and firmly fixed.*

**Flowers for the show should be gathered the day before and immediately plunged into water. Bring spares to the show in case of mishaps.*

**With regard to the selection of permitted foliage number and types of flowers in arrangements—follow the schedule carefully.*

**You may need crumpled newspaper kitchen roll to help support flowers (there will be a supply of newspaper available). Also useful are a pair of secateurs or scissors and a small watering can. Flower vases are available for exhibitors. If a class states a different container then you should bring them. e.g., class 42—you need to bring a shallow dish, class 22 a bowl and class 61 a jam jar.*
